Instructors:

*Jim Collins, Ph.D. provides a wide variety of continuing education courses and professional development to thousands of health care professionals monthly. He has spent 15 years as a college instructor and has taught sociology, gerontology and psychology courses. He holds a Bachelor’s Degree in Gerontological Studies, a Master’s Degree in Sociology, a Graduate Certificate in Life Span Development and Gerontology, and a Ph.D. in Health Administration. He has provided over 20 years of service to the health care industry and has specialized in various areas including geropsychiatry, psychotherapy, professional development, employee retention and person-centered care training. He has written the first book on person-centered care in nursing homes: *The Person-Centered Way: Revolutionizing Quality of Life in Long-Term Care.**

Gary F. Mitchell, D. Min., LSW, CTTS is the health coach/ facilitator for SOWING HOPE from a Christian Perspective. Rev. Dr. Mitchell is a Mayo Clinic Certified Tobacco Treatment Specialist. He is the former program coordinator of the OhioHealth Nicotine Dependence Program at McConnell Heart Health Center in Columbus, Ohio.

Karen S. Augustine, Professional Organizer assists individuals with clutter and disorganization in their lives. Her passion is to see individuals liberated and set free from the bondages of clutter. She teaches them to live in their home according to God’s biblical principles. She has been conducting organizing services for 6 years for residential and commercial businesses. She is a former member of the National Association of Professional Organizers acting as Program Director, and is currently a member of Power up Organizers and Faithful Organizers.
